

STURDY Mini Bunker

Introducing The New STURDY Mini Bunker Fuel Store.

Product Features/Specifications

- The Sturdy Mini Bunker is ideal for both domestic and business use. It is perfect for the storage of a combination of coal, turf, wood or briquette storage.
- The rotationally moulded UV stabilised unit guarantees a strong and durable weather resistant unit. The bunker is long lasting and maintenance free.
- Many businesses use the Mini Bunker for storage and display of packaged goods in forecourt and shop situations.
- The Mini Bunker comes in black as standard but other colours are available on request.
- The unit can be customised to your corporate colours and has a large product display area.
- The Mini Bunker's unique design incorporates a roller shutter door which allows easy access to the unit both for loading and unloading.
- The roller shutter sits in two guide tracks on either side and comes with a handle attached. A lock can be fitted if necessary.
- The Mini Bunker is capable of storing 8 X 40kg Bags of Coal.
