Newspaper Stands

STURDY Midi Newspaper stand

Code: 801-A

Lockable 12 box display

Midi Newspaper stand

Code: 801-A

Length: 1,650mm Depth: 810mm

Height: 1,200mm Capacity: 12 Newspaper Offerings

The unit can house 12 newspaper offerings. With the product designed for outdoor use it will increase your retail space and secondary sales on the forecourt or outdoor space.

The newspaper stand is a robust and strong product that is designed to stand up to our weather. The product uses a galvanised frame to hold individual newspaper boxes. These are made from UV rated material giving it a greater life span, and greater value to you.

The display screens are made from UV rated material, giving the product longevity and will allow your customers to see your offerings long in to the future.

Fully lockable and secure
storage solution

Lockable 10 box display
